ALASTIN HYDRATINT

"My to go to coverage product for my skin is the Alastin Hydratint. Not only SPF 36, but also a broad spectrum mineral sunscreen with tint.

The hydratint is filled with age defying antioxidants, UVA/UVB protection and hydrating ingredients.

This is a daily must for me when I do not want to wear full coverage make up. This tinted sunscreen has the perfect hint of tint to make the skin look flawless for all skin types."

POWER PEEL MICRODERMABRASION

This is a safe, non-surgical treatment that gently exfoliates by removing dead skin cells revealing a softer, smoother skin tone.

With repeated treatments, microdermabrasion can reduce the look of fine lines, wrinkles, and superficial scars.

3 for **\$300**

Normally **\$399**

Must pay for package in full
